ROGERS'

GLAD

GARDENS

W. H. ROGERS

GREENLAWN, LONG ISLAND, NEW YORK

Spring 1950

Again to all of my customers of past years as well as to those who have already given me orders for 1950, I want to say "Thank You—Thank You Very Much." It gives me great satisfaction to receive so many orders from old customers year after year. May the year 1950 be your banner year with glads, whether winning ribbons at the shows, selling flowers or just plain enjoying them at home.

If you have not already received my special list of miniature and small flowering varieties I am sending it along with this list of the large flowering ones. If for any reason you have not received it, have mislaid it, or want another, I will be glad to send it upon request.

I know you are more interested in what I have to offer than you are in any remarks I might make and so except for repeating my business terms, guarantee, etc., I will get down to the business of telling you what I have. I am not making any special prices on various combinations in order to move certain varieties that I might want to, but believe my prices are low enough so that you can make the combination you would prefer at a most reasonable figure.

TERMS, PRICES AND SHIPMENT — On all orders for \$5.00, or less, cash with order — over \$5.00, 25% cash with order and balance before shipment. Minimum order \$3.00. I cannot accept orders for less than the smallest unit quoted. For instance, where listed 2 for 30, one cannot be had for 15. Five bulbs can be had at the 10 rate and 50 bulblets at the 100 rate only when the price is \$1.00 or more per 100. Transportation to points within the United States will be prepaid when shipment is made at my option as to parcel post or express. Parcel post shipments cannot be made safely until spring but if shipment is desired before then, I will ship express immediately, charges collect, and include extras to help in paying such charges. As is the custom of all shippers, I will include extras anyway and in place of many complicated, discount offers, I will give additional overcount or extras depending on size of order when cash in full accompanies the order. You might suggest which you prefer. You may be sure these extras will fully cover these discounts and then some. If you have ever ordered from me you know about my generosity and if you are to place your first order you will soon be convinced.

SUBSTITUTION All stock offered subject to prior sale. Remember I sell only the bulbs I have grown myself and therefore supply is limited and on some varieties quite limited, so you should order early. I will not substitute either size or variety without you so direct and will refund immediately on any item I cannot supply. If you wish substitution, I would appreciate your second choice with your order.

GUARANTEE — It is my intention to send out only good, clean, healthy bulbs and true to name. I make no guarantee as to growth and will in no way be responsible for the crop. If, upon receipt of bulbs, you find them unsatisfactory, return at my expense and I will cheerfully refund the full purchase price. And furthermore if you later find any not true to name, I am ready to replace, refund, or make adjustment.

INSPECTION — My glads have been inspected by the New York Department of Agriculture and Markets and are shipped under its certificate of inspection.

NOTE — I have received a number of Post Office money orders drawn on the Post Office, "Long Island, N. Y." There is no such Post Office but mine is "Greenlawn, N. Y."

JUMBO BULBS — The 1949 growing season was most favorable for producing large bulbs and in many varieties I have quite a few of the jumbo size. You may have these at no extra cost over the price for large bulbs and if you prefer them just mention it along with your order and if I have them available I will gladly put them in.

WHOLESALE — I do not have sufficient quantities of various varieties to justify the issuance of a wholesale list. However, I do have sufficient quantities of some varieties so that I can offer wholesale lots of 50 to 100 bulbs and in a few instances several hundred, Snow Princess and Surfside by the 1000. Likewise in some varieties I can offer bulblets in half pints to quarts and in a few instances several quarts. Those varieties in which I have the larger amounts of bulbs to offer are marked (*) by the name of the variety and those where I have bulblets by measure are marked (*) by the bulblet prices. If interested in any of these, please write for prices stating particular varieties and amounts in which you are interested. These prices will be most attractive, especially on bulblets of the newer varieties. Some real bargains here.

	per 1	large 1 1/4" & up .40	medium 3/4"-1 1/4" .20	small under 3/4" .20	bulblets per 10-25

How do you want your extras?

Extra count of varieties ordered.

Varieties of my choice.

Varieties you may like to try; mention several from which I may select.

Bulbs () or Bulblets ().

Extra bulbs will be included for names and address of friends who grow GLADS:

Put names or remarks regarding your order below:

	per	large 1 1/4" & up	medium 3/4"-1 1/4"	small under 3/4"	bubbles per
WINSTON (406) clear light cream with a trifle darker throat—a nicely ruffled beautiful cream	2 10	.20 .80	3.25 .70	4.25 .60	
YELLOW BEAUTY (310) a very tall light yellow—quite early and an excellent commercial—can also win a ribbon	3 10	.25 .70	4.25 .60	5.25 .50	50-.25 100-.35
ZACATEY (490) very light pinkish lavender splashed darker with feathery carmine blotch on creamy yellow throat—nothing like it	1 10	.20 1.60	2.30 1.20	2.20 .80	20-.25 100-.75
ZAUBERFLOTE (441) light pink with attractive red blotch—an old variety that I like very much—early	2 10	.30 1.20	2.25	3.25	25-.25

MIXED BULBS

Since a great many people do not care to bother with the names of the various varieties, but just want something that will give them a fine lot of blooms, I will make up mixtures containing many colors and shades. These will NOT be labeled and they will not be just a few varieties of mostly two or three colors, as is many times the case. I do not grow or have ready mixed bulbs but make the mixture for each order separately after order is received. If there is any color you do not like, just tell me and I will gladly leave it out. These are the same bulbs you would buy if you ordered by name only at a much lower price, since individual packing takes time and costs money. I sell a great many of these mixtures each year and have received many compliments. Many tell me that they and their friends have never seen anything like them.

PRICES FOR MIXED BULBS

Large	100 for \$4.75	—	50 for \$2.50
Medium	100 for 3.50	—	50 for 2.00
Small	100 for 2.25	—	50 for 1.25

will include as an extra something labeled with each order for mixed. These mixtures will not have any miniatures in them.

* * *

You will have noted that I have a great number of varieties listed to sell at 3 large bulbs for 25 cents. These are the older varieties, many of which were noted prize winners in their day and if well grown are still able to win the ribbons. I believe these to be the best of the old. Many of the newer varieties cost but a little more and are present day winners. And finally you have found a great many of the newest ones listed at very reasonable prices.
